

## 复旦大学数学科学学院 数学综合报告会

报告题目: Regular stochastic curves in Wasserstein spaces

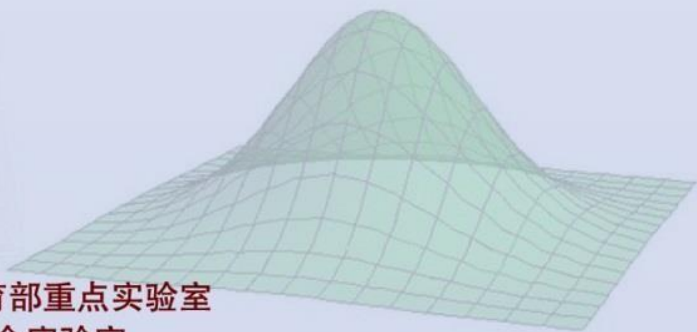

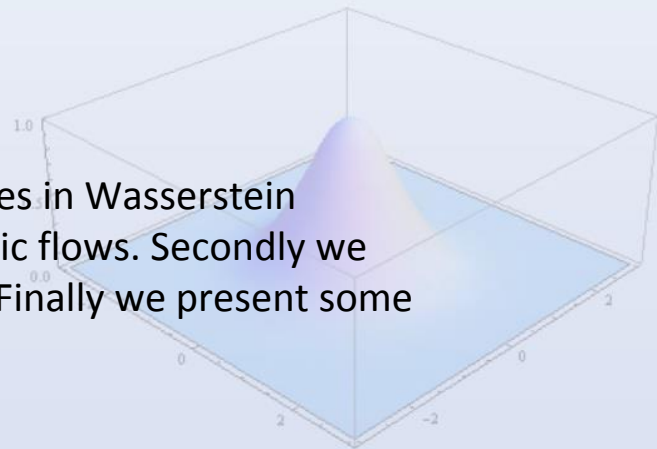

报告人: Professor Shizan Fang (University of Burgundy, France)

时间: 2024-03-14 星期四 14:00-15:00

地点: 光华东主楼1601

报告摘要:

We first introduce a class of stochastic curves in Wasserstein spaces, which are highly related to stochastic flows. Secondly we introduce parallel translations along them. Finally we present some recent results.
