

List of Publications

1957

1. Lee Da-tsin, *On ovals of n -type* (in Chinese), *Advances in Mathematics*, 3(1957), 623-627.

1959

2. Lee Da-tsin, *On the theory of isotropic hypersurfaces* (in Chinese), *Journal of Fudan University (Natural Science)*, 2(1959), 69-84.

1960

3. Gu Chao-hao, Lee Da-tsin et al., *The initial value problem for typical hyperbolic systems with discontinuous initial values* (in Chinese), *Collection of Mathematical Papers*, Edited by Mathematics Department of Fudan University, Shanghai Scientific & Technical Publishers, 1960, 1-16.
4. Gu Chao-hao, Lee Da-tsin et al., *Supersonic plane flow past a curved wedge* (in Chinese), *Collection of Mathematical Papers*, Edited by Mathematics Department of Fudan University, Shanghai Scientific & Technical Publishers, 1960, 17-28.
5. Gu Chao-hao, Lee Da-tsin, Hou Zong-yi, *The initial value problem for hyperbolic systems with discontinuous initial values* (in Chinese), *Collection of Shanghai Scientific & Technical Papers (Mathematics and Chemistry)*, Shanghai Scientific & Technical Publishers, 1960, I.55-65.

1961

6. Gu Chao-hao, Lee Da-tsin, Hou Zong-yi, *The initial value problem for quasilinear hyperbolic systems with discontinuous initial values I* (in Chinese), *Acta Mathematica Sinica*, 11(1961), 314-323.
7. Gu Chao-hao, Lee Da-tsin, Hou Zong-yi, *The initial value problem for quasilinear hyperbolic systems with discontinuous initial values II* (in Chinese), *Acta Mathematica Sinica*, 11(1961), 324-327.

1962

8. Gu Chao-hao, Lee Da-tsin, Hou Zong-yi, *The initial value problem for quasilinear hyperbolic systems with discontinuous initial values III* (in Chinese), *Acta Mathematica Sinica*, 12(1962), 132-143.
9. Lee Da-tsin, Yu Wen-tzu, *An ordering principle of generalized solutions of quasilinear partial differential equations and its applications* (in Chinese), *Journal of Fudan University (Natural Science)*, 7(1962), 1-10.

1964

10. Lee Da-tsin, Yu Wen-tzu, *The Cauchy problem for first order quasilinear hyperbolic systems* (in Chinese), *Advances in Mathematics*, 7(1964), 152-171.
11. Lee Da-tsin, Yu Wen-tzu, *Some existence theorems for quasilinear hyperbolic systems of partial differential equations in two independent variables I: Typical boundary value problems*, *Scientia Sinica*, 13(1964), 529-550.
12. Lee Da-tsin, Yu Wen-tzu, *Some existence theorems for quasilinear hyperbolic systems of partial differential equations in two independent variables II: Typical boundary value problems of functional form and typical free boundary problems*, *Scientia Sinica*, 13(1964), 551-562.
13. Lee Da-tsin, Yu Wen-tzu, *Boundary value problems and discontinuous solutions for quasilinear hyperbolic systems* (in Chinese), *Collection of Mathematical Papers of Fudan University*, Shanghai Scientific & Technical Publishers, 1964, 59-94.

1965

14. Lee Da-tsin, Yu Wen-tzu, *Some existence theorems for quasilinear hyperbolic systems of partial differential equations in two independent variables III: General boundary value problems and general free boundary problems*, *Scientia Sinica*, 14(1965), 1065-1067.
15. Lee Da-tsin, Yu Wen-tzu, *Some existence theorems for quasilinear hyperbolic systems of partial differential equations in two independent variables III: General boundary value problems and general free boundary problems* (in Chinese), *Journal of Fudan University (Natural Science)*, 10(1965), 113-128.

1973

16. Jiang Er-xiong, Lee Da-tsin, Chen Han-lin, *Solving the problem of stationary temperature distribution by the finite element method* (in Chinese), *Journal of Fudan University (Natural Science)*, No.2(1973), 10-24.

1974

17. Lee Da-tsin, Lee Li-kang, *Computation on the frequencies of the beam vibration* (in Chinese), *Acta Mathematica Sinica*, 17(1974), 89-99.
18. Lee Da-tsin, Wang Jing-yin, Shi Li-qiang, *Study of computing the temperature distribution of the piston of the internal combustion engine by the finite element method* (in Chinese), *Internal Combustion Engine*, 9(1974), 10-25.

1976

19. Li Da-qian, Zheng Song-mu, Tan Yong-ji, Shang Han-ji, Gao Ru-xi, Shen Wei-xi, *Boundary value problems with equal value surface boundary conditions for self-adjoint elliptic differential equations I* (in Chinese), *Journal of Fudan University (Natural Science)*, No.1(1976), 61-71.
20. Li Da-qian, Zheng Song-mu, Tan Yong-ji, Shang Han-ji, Gao Ru-xi, Shen Wei-xi, *Boundary value problems with equal value surface boundary conditions for self-adjoint elliptic differential equations II* (in Chinese), *Journal of Fudan University (Natural Science)*, No.3-4(1976), 136-145.

1978

21. Gu Chao-hao, Hu He-sheng, Li Da-qian, Shen Chun-li, Xin Yuan-long, Yang Chen-ning, *Riemannian spaces with local duality and gravitational instantons*, *Scientia Sinica*, 21(1978), 475-482.
22. Li Da-qian, Lu Zhong-ming, *On the computation of the flexural center* (in Chinese), *Acta Mathematicae Applicatae Sinica*, 1(1978), 123-129.
23. Li Da-qian, Chen Shu-xing, Zheng Song-mu, Tan Yong-ji, *On boundary value problems of the self-adjoint elliptic equation with complementary boundary conditions* (in Chinese), *Journal of Fudan University (Natural Science)*, No.2(1978), 49-60.
24. Li Da-qian, Chen Shu-xing, *On asymptotic behaviors of solutions of equi-valued surface boundary value problems for the second order self-adjoint elliptic equation* (in Chinese), *Journal of Fudan University (Natural Science)*, No.4(1978), 6-14.
25. Shao Wei-yan, Li Da-qian, Li Rui-xia, *Study of computing the bending strength of the crank of the internal combustion engine by the finite element method* (in Chinese), *Internal Combustion Engine*, 19(1978), 178-187.

1979

26. Li Da-qian, Zheng Song-mu, Tan Yong-ji, Wang Jing-nong, Chen Fan-xiang, Li Chang-yuan, *An examination of performance of the pole-panel of microspheric focusing log by computers* (in Chinese), Acta Mathematicae Applagatae Sinica, 2(1979), 13-24.
27. Li Da-qian, Yu Wen-ci, *The local solvability of the boundary value problems for quasilinear hyperbolic systems of partial differential equations* (in Chinese), Journal of Fudan University (Natural Science), No.2(1979), 83-93.
28. Li Ta-tsien, *Une remarque sur un problème à frontière libre*, C. R. Acad. Sc., Paris, 289, Série A (1979), 99-102.
29. Li Ta-tsien, *Propriétés d'espaces fonctionnels intervenant en contrôle optimal*, C. R. Acad. Sc., Paris, 289, Série A (1979), 687-690.

1980

30. Li Da-qian, Yu Wen-ci, *Local solvability of the boundary value problems for quasilinear hyperbolic systems*, Scientia Sinica, 23(1980), 1357-1367.
31. Li Ta-tsien, *Propriétés d'espaces fonctionnels et problèmes de contrôle optimal des systèmes gouvernés par des équations paraboliques*, C. R. Acad. Sc., Paris, 290, Série A (1980), 697-700.
32. A. Damlamian, Li Ta-tsien, *Comportement limite des solutions de certains problèmes mixtes pour des équations paraboliques*, C. R. Acad. Sc., Paris, 290, Série A (1980), 957-960.
33. Li Ta-tsien, *Problèmes aux limites et solutions discontinues pour les systèmes hyperboliques quasi linéaires d'ordre 1*, Séminaire Goulaouic-Schwartz, 1979-1980.
34. Li Ta-tsien, *Comportements limites des solutions de certains problèmes mixtes pour des équations paraboliques et leurs applications*, Journées "Equations aux Dérivées Partielles", Saint-Jean-de-Monts, 1980.
35. Li Ta-tsien, *Comportements limites pour certains problèmes du contrôle optimal de systèmes gouvernés par des équations paraboliques*, C. R. Acad. Sc., Paris, 291, Série A (1980), 201-204.
36. A. Damlamian, Li Ta-tsien, *Comportement limite des solutions de certains problèmes mixtes pour des équations hyperboliques linéaires*, C. R. Acad. Sc., Paris, 291, Série A (1980), 531-534.

37. Li Da-qian, *On a free boundary problem*, Chin. Ann. of Math., 1(1980), 351-358.

1981

38. Li Ta-tsien, *Global regularity and formation of singularities of solutions to first order quasilinear hyperbolic systems*, Proceedings of the Royal Society of Edinburgh, 87A(1981), 255-261.

39. Li Ta-tsien, Yu Wen-tzu, *Boundary value problems for the first order quasilinear hyperbolic systems and their applications*, J. of Diff. Equations, 41(1981), 1-26.

40. Li Ta-tsien, Yu Wen-tzu, *On the necessity of the conditions of solvability of the typical boundary value problems for quasilinear hyperbolic systems*, Commu. in PDE., 6(1981), 1225-1234.

41. Li Ta-tsien, *Comportements limites des solutions de certaines équations paraboliques d'ordre supérieur et leurs applications au contrôle optimal*, C. R. Acad. Sc., Paris, 293, Série A (1981), 205-209.

42. Li Ta-tsien, Yu Wen-tzu, Shen Wei-shi, *Boundary value problems and free boundary problems for quasi-linear hyperbolic-parabolic coupled systems*, MRC Technical Summary Report #2273, 1981.

43. Li Ta-tsien, *Properties of the function space \mathcal{U}* , Appendix 1 of Chapter 4 of J.L.Lions' Book "Some methods in the mathematical analysis of systems and their control", Science Press, Beijing, China, 1981, 289-297.

44. Li Ta-tsien, *Limit behaviors of solutions for some problems of optimal control of systems governed by parabolic equations*, Appendix 2 of Chapter 4 of J.L.Lions' Book "Some methods in the mathematical analysis of systems and their control", Science Press, Beijing, China, 1981, 299-313.

45. Li Da-qian, Yu Wen-ci, Shen Wei-xi, *Cauchy's problem for quasilinear hyperbolic-parabolic coupled systems* (in Chinese), Acta Mathematicae Applicatae Sinica, 4(1981), 321-328.

46. Li Da-qian, Yu Wen-ci, Shen Wei-xi, *Second initial-boundary value problems for quasi-linear hyperbolic-parabolic coupled systems* (in Chinese), Chin. Ann. of Math., 2(1981), 65-90.

1982

47. A. Damlamian, Li Ta-tsien, *Comportement limite des solutions de certains problèmes mixtes pour des équations paraboliques*, J. de Math. Pures et Appl., 61(1982), 113-130.
