

## 复旦大学数学科学学院 数学综合报告会

报告题目: Meromorphic solutions of difference equations  
relating to gamma function

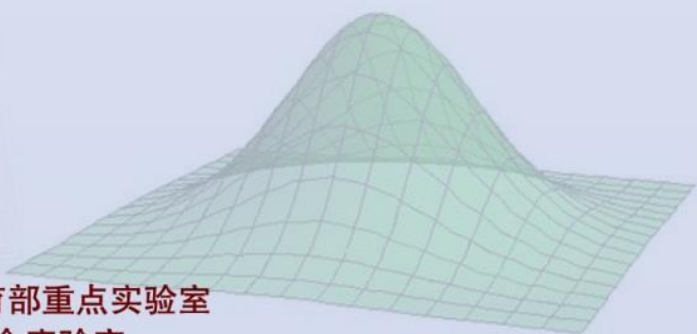

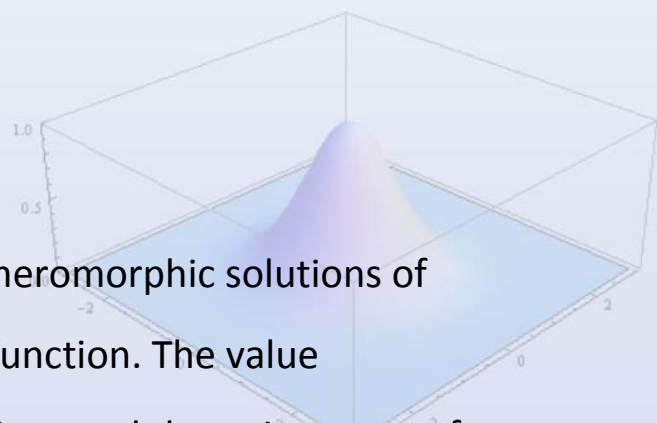

报告人: 黄志波 副教授 (华南师范大学)

时间: 2020-12-16 星期三 16:00-17:00

报告摘要:

In this talk, we consider the properties of meromorphic solutions of difference equations relating to Gamma function. The value distribution, the existence of rational solutions and the uniqueness of meromorphic solutions sharing value CM will be investigated.
